Application for doctoral studies at the School of Health Sciences with a <u>detailed</u> study plan and research proposal

Before you apply, a permanent member of the School's academic staff must have agreed on supervising you on your research project. The application is completed by the applicant and supervisor.

All appendices shall also be submitted in electronic format (MS Word or Pdf)

Applications can be submitted all year round.

NECESSARY SUPPORTING DOCUMENTS:

- Applicant's CV
- Copy of degree certificates (BS and MS or equivalent degree)
- Supervisor's and doctoral committee's CV (not necessary if they have previously supervised doctoral students or are members of UI's academic staff).
- Copy of approvals for the study, e.g. from the Research Ethics Committee
- Research proposal see subject list on last page

Proposed doctoral committee

The PhD student (applicant) and supervisor nominate a doctoral committee to be approved by the doctoral studies committee and appointed by the faculty.

Applications are not accepted for review unless the following applies:

- The doctoral committee comprises 3-5 experts.
- The committee includes **one** administrative supervisor (*umsjónarkennari*). There can be also be one or two additional *academic* supervisors (*leiðbeinandi*) (for a total of 1-3 supervisors). The administrative supervisor shall be a permanent member of the faculty's academic staff where the PhD studies are to be pursued.
- At least one of the committee members is external to the institute/research institute/department/school at which the project is conducted.
- The applicant must have obtained the committee members' approval.

Research proposal

Description of the research project.

Note that the research proposal must be submitted as one of the supporting documents listed on the first page.

Maximum number of pages (excluding list of references) is 10 pages. Font size: 11 pt. Spacing: 1,5.

- The description shall include the following chapters:
- Overview of published literature in the field and the intended project's scientific merit (2-4 pages).
- Aim of the research project
- Description of the research project's execution (1-3 pages), including:
 - o methods
 - o timetable showing milestones
 - o collaborators
 - PhD student's role within the collaboration
- Scientific articles to be published in peer-reviewed international academic journals (½-1 pages) if the PhD thesis is intended to be based on material for publication. State if this is not the intention, i.e. if it is intended to submit a comprehensive PhD thesis (monograph).
- Ethical considerations
- List of references
