

Detailed study/research plan for doctoral studies at the School of Health Sciences

Before you apply, a permanent member of the School's academic staff must have agreed on supervising you on your research project. The plan is completed by the applicant and supervisor.

OTHER REQUIRED SUPPORTING DOCUMENTS

All documents must be submitted in electronic format (MS Word or Pdf)

- Applicant's CV
- Copy of degree certificates (BS and MS or equivalent degree)
- Supervisor's and doctoral committee's CV (not necessary if they have previously supervised doctoral students or are members of UI's academic staff)
- Copy of approvals for the study, e.g. from the Research Ethics Committee
- Research proposal - see subject list on last page

Name		ID no.	
Address		Post code	
Nationality		Degree	
Workplace		Title	
Phone no.		E-mail	

Proposed doctoral committee

The PhD student (applicant) and supervisor nominate a doctoral committee to be approved by the doctoral studies committee and appointed by the faculty.

The study/research plan will not be accepted for review unless the following applies:

- The doctoral committee comprises 3-5 experts.
- The committee includes **one** administrative supervisor (*umsjónarkennari*). There can be also be one or two additional *academic* supervisors (*leiðbeinandi*) (for a total of 1-3 supervisors). The administrative supervisor shall be a permanent member of the faculty's academic staff where the PhD studies are to be pursued.
- At least one of the committee members is external to the institute/research institute/department/school at which the project is conducted.
- The applicant must have obtained the committee members' approval.

ADMINISTRATIVE SUPERVISOR (*UMSJÓNARKENNARI*)

Explanation:

Budget and funding

BUDGET (include wage cost and other costs resulting from the research project)

Cost factor	Amount

Funding (include grants already obtained, and also ones that have been or will be applied for)

GRANT 1

Fund (grantor)			
Cost factor		Amount	

Grant situation (check the correct option):

Intended application – application in progress – application submitted – application approved – grant received

GRANT 2

Fund (grantor)			
Cost factor		Amount	

Grant situation (check the correct option):

Intended application – application in progress – application submitted – application approved – grant received

GRANT 3

Fund (grantor)			
Cost factor		Amount	

Grant situation (check the correct option):

Intended application – application in progress – application submitted – application approved – grant received

GRANT 4

Fund (grantor)			
Cost factor		Amount	

Grant situation (check the correct option):

Intended application – application in progress – application submitted – application approved – grant received

Research proposal

Description of the research project.

Note that the research proposal must be submitted as one of the supporting documents listed on the first page.

Maximum number of pages (excluding list of references) is 10 pages. Font size: 11 pt. Spacing: 1,5.

- The description shall include the following chapters:
- Overview of published literature in the field and the intended project's scientific merit (2-4 pages).
- Aim of the research project
- Description of the research project's execution (1-3 pages), including:
 - methods
 - timetable showing milestones
 - collaborators
 - PhD student's role within the collaboration
- Scientific articles to be published in peer-reviewed international academic journals (½-1 pages) if the PhD thesis is intended to be based on material for publication. State if this is not the intention, i.e. if it is intended to submit a comprehensive PhD thesis (*monograph*).
- Ethical considerations
- List of references
